EDUCATION

AUG. 2019 - PRESENT
University of Florida
Bachelor of Science (Expected May 2023)

Major: Computer Science
Minor: Engineering Innovation
Courses: Programming Fundamentals I, Engineering Design and Society

AUG. 2017 – MAY 2019
Miami Dade College
Associate in Arts with highest honors, dual enrollment program
Courses: Introduction to C++ Programming

RELEVANT EXPERIENCE

JULY 2019 - AUG. 2019
GOOGLE COMPUTER SCIENCE SUMMER INSTITUTE (CSSI)

Intensive summer program where Google employees instructed us on Python, HTML/CSS, Javascript, and Google App Engine.

Used new-founded programming knowledge to create a web application using datastore, email interaction, and queries.

PROJECTS

AUG. 2018 - PRESENT
BOOKIT
INDEPENDENT PROJECT

A book recommendation web application I am currently working on to strengthen my Python and HTML/CSS programming skills.

AUG. 2019
LOCAL
GOOGLE CSSI

Allows travelers to connect with the locals of a city, giving them the chance to explore the hidden gems that they would not have been able to otherwise.

HONORS AND AWARDS

Google Generation Scholarship MAY 2019

One of 14 high school students majoring in computer science chosen based on impact on diversity, demonstrated leadership and academic background.

SKILLS

C++ programming: Beginner

Photoshop: Intermmediate

Python programming: Beginner

HTML/CSS: Beginner

Javascript: Beginner
